ppcadeditor.com

Create realistic ad previews

Show stakeholders exactly how ads will render — no more reviewing copy in spreadsheets or guessing at headlines.

Review & approve in one place

Share live preview links, tag teammates, and keep every comment tied to the exact ad — not lost in Slack or email.

Export when ready

Ship clean, Google Ads-ready files with one click — no manual copy-paste, no broken formatting at upload.

Without PPC Ad Editor · vs. · With PPC Ad Editor

Without PPC Ad Editor

~5-7 day cycles

- Ads reviewed in spreadsheets and shared docs
- Feedback scattered across Slack, email & docs
- Stakeholders need screenshots to visualize ads
- Manual copy-paste into Google Ads at launch
- Approval cycles drag across multiple rounds

VS

With PPC Ad Editor

~24-48 hr cycles

- Ads reviewed as realistic, pixel-accurate previews
- Comments stay attached to each ad & thread
- Shareable preview links show ads live, no login
- Export-ready files — Google Ads-formatted
- Faster review & cleaner sign-off

Proven in real enterprise workflows

6,000+
Comments on ad previews
across active workspaces

2,100+
Shared-link views
reviewers & stakeholders

1,250+
External reviewers
across approval workflows

400+
Ads created in one workspace
31 collaborators active

Built for teams that need review, visibility & control

Team collaboration

Invite users, tag teammates, manage feedback in one shared workspace.

External review links

Share previews with clients, reviewers & partners - no login required.

Multi-dashboard organization

Manage work by client, brand, campaign, region, or business unit.

Enterprise-ready support

Role-based access, onboarding & customer success available.

Bring your ad review workflow out of spreadsheets.

CREATE → PREVIEW → COMMENT → APPROVE → EXPORT
